REMEMBER: Gifts

We are recipients of the greatest gift the world has ever known - God's love and grace through the most magnificent Person who has ever lived: Jesus. God's grace should not turn us into self-absorbed hoarders, but to release those gifts to bless the church and the world. We need money to live, but it easily turns into an idol. That is why giving is so important - it releases us from idolatry's grip.

Stingy, greedy and self-absorbed paranoia is the spirit of Herod. Herod's scarcity mindset is a dead end. When filled with the abundance of Christ, we explode with generosity. Jesus commended a poor widow and constantly warned about money's hold on our hearts. The Christian life truly begins when we, who have received freely, learn to give freely. God owns it all. We can never out-give His supply. One of the most exciting things develops when we discover we have received gifts from God, and we get to pass them on.

Something to Think About:

Asbury depends on the financial generosity of our people. It is a simple question: when was the last time you gave financially to the Lord through Asbury? How well does your financial giving represent your relationship with Jesus? We all have to learn generosity - who has taught you? How are you growing? How are you sharing your spiritual gifts with the body of Christ? If you are remembering your vows, you should be able to answer these questions. A class we offer is "Financial Peace University." It can help you not only gain financial freedom but can help you learn generosity. Our next FPU class begins on September 15.
